

Check Out Our Home Theater Lights!!

We now have a line of HOME THEATRE LIGHTS!! The line is available in the 411 back-lit wall light, and the star pattern is available on the 730 pendant. Any of our finishes may be applied to these fixtures (they are shown here in matte black paint), or in paintable white bisque. As the fixtures are primarily for indoor use, they come with a double porcelain socket (2-75 watt max lamps). The extra charge for the different patterns includes the interior diffuser. If these fixtures are used outdoors, they will come with a parholder (1-100 watt max lamp). The GU24 option is also available to meet Title 24 requirements (call factory for details).

#HTL411-71 Matte Black Paint u/d 'Admit One' w/diffuser (we put your house # on this one) 7 1/2" wide x 13" high x 4 1/2" deep
